HOW CURRENT GENERAL ECONOMY EFFECTS L&T'S CORE BUSINESSES

Business Area	Growth	Profitability	Markets
Environmental Services	<ul style="list-style-type: none"> Reduction of recycling volumes in construction has negative impact. Stable household waste management. 	<ul style="list-style-type: none"> On good level due to efficiency. Without loss of major customers, the profitability level is stable. 	<ul style="list-style-type: none"> Stable in general. The changes in the legislation will boost market growth.
Facility Services	<ul style="list-style-type: none"> Increased competition due to customers' cost cutting. Major customers' preference shifting towards service packages. 	<ul style="list-style-type: none"> Increased competition due to customers' cost cutting. 	<ul style="list-style-type: none"> Growing in general. Driven by players with country wide operations. Significant growth potential in energy efficiency and maintenance of technical systems.
Industrial Services	<ul style="list-style-type: none"> Strong competition in process cleaning and in sewer maintenance. Mandatory services for process industry. 	<ul style="list-style-type: none"> Volatility in customer demand, but size increases our flexibility. 	<ul style="list-style-type: none"> Market is growing moderately but there is volatility in customer demand.
